

Read It (*sung to Beat It*)

You told us don't you ever come around
here

Don't wanna see these words, we better
disappear

There's hatred in your eyes 'cause these
words are really clear

So read it, Just read it,

Tell us to run, but you'll never understand

You're going to see the truth, can't be a
simple man

When your time is up, God will destroy
this land

So read it, and you're gonna be mad

Just read it, read it, read it, read it

You are goin' to be defeated

Showing how puny, weak is your might

It only matters these words are right

Now read it, read it

Just read it, read it

And heed it, heed it

Just read it, read it

You say you'll kill us, better leave while
we can,

We're gonna shine this light, so take it like
a man

We will go soon to the Promised Land

Now read it, and heed it

God's gonna show you that you really
should care,

You need to fear your God, the time is
short beware

You kick us, then you beat us,

And you scream, "It's not fair!"

Now read it, and you're gonna be mad

Just read it, read it, heed it, heed it

Go on good figs and leave it

Your God is coming, time to take flight

You will see clearly when you get light

Just read it, read it, read it, read it

You are goin' to be defeated

Showing how puny, weak is your might

It only matters these words are right

Just read it, read it, read it, read it, read it

Heed it, heed it, heed it

(Interlude)

Just read it, read it, read it, read it

You are goin' to be defeated

Showing how puny, weak is your might

It only matters these words are right

Just read it, read it, heed it, heed it

Go on good figs and leave it

Your God is coming, time to take flight

You will see clearly when you get light

Just read it, read it, read it, read it

You are goin' to be defeated

Showing how puny, weak is your might

It only matters these words are right
