

Just When You Needed Him Most (Parody of "Just When I Needed You Most" by  
Randy VanWarmer)

You called from the darkness and  
Caused me to hear and to  
Trust you in all that you say  
"Come out of this world  
And follow the lamb"  
Those words caused me to stay

Cause I need you more than I  
Er' thought before and now  
Where I'll find comfort, God knows  
Cause yooooooooo loved me  
Or off to hell I would go

(Loved me, or off to hell I would go)

Now early each morning we  
Run out the door and we  
Get to the place you will be  
You gave us the words  
And we tell everyone  
Please listen to me

Cause God sent the words and said  
Obey my law and you  
Mocked and you scoffed, God knows  
Cause yooooooooo, have no fear  
Children will die without hope

(Have no fear, children will die  
without hope)

You murdered your babies, and  
Catered to fags and more  
Adultery and much proud sin  
Your cities are desolate  
And soldiers lay dead  
False prophets- stand in your way

Now God hates you more than He  
Hated before and now  
You can't find comfort God knows  
Your doom's imminent  
That's all you get coast to coast

Oh yea  
Doom's imminent  
Destruction will be in your coasts.

Cuz you left God  
Just when you needed him most!
