

Hear Him Roar!

(Parody of Katy Perry's "Roar")

We'll never bite our tongues, or hold our breath
About the same-sex marriage, moral mess
We warn you faithfully; provoke you lovingly
You'll drink the cup, you never had a choice
You fretted God for giving fags a voice
They'll stop at nothing ... so you'll lose everything

You passed your laws; to shut us up
By God we're shaking off the dust
You hear our voice; you see our signs
These words are burning up headlines
We won't sit down, we won't shut up
We're preachin' til the time is up
God sees it all, He sees it now

Here comes the White horse and Rider, the Fighter, gonna bring the fire
Conquering Champion, and you're gonna hear Him ROAR
Louder, louder through the heavens
Conquering Champion, and you're gonna hear Him ROAR
Roar-oar-oar-oar-oar-oar-oar
You're gonna hear Him roar

When you see the locusts start to fly
Stinging tails will make you want to die
You have no hero; your strength is zero

You passed your laws; to shut us up
By God we're shaking off the dust
You hear our voice; you see our signs
These words are burning up headlines
We won't sit down, we won't shut u p
We're preachin' til the time is up
God sees it all, He sees it now

Here comes the White horse and Rider, the Fighter, gonna bring the fire
Conquering Champion, and you're gonna hear Him ROAR
Louder, louder through the heavens
Conquering Champion, and you're gonna hear Him ROAR
Roar-oar-oar-oar-oar-oar-oar Roar-oar-oar-oar-oar-oar-oar
You're gonna hear Him roar
Roar-oar-oar-oar-oar-oar-oar Roar-oar-oar-oar-oar-oar-oar
You're gonna hear Him ROAR!

Roar-oar, roar-oar, roar-oar

Here comes the White horse and Rider, the Fighter, gonna bring the fire
The Conquering Champion, and you're gonna hear Him ROAR
Louder, louder through the heavens
The Conquering Champion, and you're gonna hear Him ROAR
Roar-oar-oar-oar-oar-oar-oar Roar-oar-oar-oar-oar-oar-oar
You're gonna hear Him roar
Roar-oar-oar-oar-oar-oar-oar Roar-oar-oar-oar-oar-oar-oar
You're gonna hear Him roar!
