

California Preachin'

(Parody of California Dreamin' by The Mamas & The Papas)

Try to shut us down
Make us go away
And you try to mock
All the words we say

Then the media swarms
Frisco to LA
California preachin'
'Bout the coming Day

Flags outside the church
A soldier dead today
Phony Christians on their knees
They pretend to pray

You know our picket signs so bold
They are here to stay
California preachin'
Heed the words today

(Interval)

Nation's going down
No more fun & games
Laws will do no good
On the Judgment Day

If we didn't tell you
Our duty we'd betray
California preachin'
Our signs are here to stay
Our signs are here to stay
Our signs are here to stay
