

Makes Us So Happy (sung to Hava Nagila—Let Us Rejoice!)

Israel – your doom is coming  
Makes us so happy  
God's promises are sure

Go-el – he soon is marching  
Makes us so happy  
His covenant endures

The nations standing by  
The ensign in the sky  
The highways opened up  
Drink from this cup!

Je-ru-sa-lem's the spot  
The battle will rage hot  
The land will spew you out  
With joy we shout!

Hear – our – words on this day  
God won't hear what you say  
When you bow down to pray  
The Beast – the one you worship  
Obama – has no mercy

Be glad!! – He's undone!  
Look! The Bridegroom comes!
