

WBC PARODY OF "LADY" GAGA'S "POKER FACE"

MP3 DOWNLOAD: www.tiny.cc/LGM

You wanna strut like you're unique, but baby please
"Monster," "Lady GayGay," "Show your teeth," "This is all me." (God hates you)
Fake "love" substitution is your game; you're just a fraud
But any half-wit sees your hate for fans and for your God

Oh oh oh oh ohhhh oh ohhhh oh oh
You pissed off God, you'll see what He's got
Oh oh oh oh ohhhh oh ohhhh oh oh
You pissed off God, you'll see what He's got

You ain't got
You ain't got
No you ain't got no poker face
(You show your filth to everybody)
You just got
You just got
Yeah, you just got your whorish face
(Show your filth to everybody)

No no no poker face, no no poker face (Mum mum mum mah)
No no no poker face, no no poker face (Mum mum mum mah)

You wanna lie to them; in Hell you all will be
"A little fire is all fun when you're with me" (God hates you)
Russian Roulette is what you're playing, silly clod
But every chamber's loaded when you're playing with your God

Oh oh oh oh ohhhh oh ohhhh oh oh
You pissed off God, you'll see what He's got
Oh oh oh oh ohhhh oh ohhhh oh oh
You pissed off God, you'll see what He's got

You ain't got
You ain't got
No you ain't got no poker face
(You show your filth to everybody)
You just got,
You just got,
Yeah, you just got your whorish face
(Show your filth to everybody)

No no no poker face, no no poker face (Mum mum mum mah)
No no no poker face, no no poker face (Mum mum mum mah)

[Spoken]
You can't tell them that you love them
You despise them
And you're bluffin', you got nothin', so you're lyin'
You're just hatin' on the truth, game-runnin'
Just like a freak out playin' dress-up
Stow your costumes, they can't help you out
God promises, promises your destruction so marvelous

You ain't got
You ain't got
No you ain't got no poker face
(You show your filth to everybody)
You just got
You just got
Yeah, you just got your whorish face
(Show your filth to everybody)

You ain't got
You ain't got
No you ain't got no poker face
(You show your filth to everybody)
You just got
You just got
Yeah, you just got your whorish face
(Show your filth to everybody)

You ain't got
You ain't got
No you ain't got no poker face
(You show your filth to everybody)
You just got
You just got
Yeah, you just got your whorish face
(Show your filth to everybody)

No no no poker face, no no poker face (Mum mum mum mah)
No no no poker face, no no poker face (Mum mum mum mah)

No no no poker face, no no poker face (Mum mum mum mah)
You got a whorish face, it's a whorish face (Mum mum mum mah)

No no no poker face, no no poker face (Mum mum mum mah)
You got a whorish face, it's a whorish face (Mum mum mum mah)
