

Perfectly

How you choose to defy your Lord
It's all your sin, now hear these words
God hates perfectly, He hates perfectly

You follow all your lust and pride
It's been taught since birth, and you
love your lies
God hates perfectly, mmmmmm He
hates perfectly

He won't take your curse away
What you do, God will repay

Chorus:
You are the reason for all the
destruction
And we love the way God shows who
you are
'Cause with Him there's no hiding
When you see it's meant to be
Recompense fits perfectly, it fits
perfectly
Since you're raging rebels
Recompense fits perfectly, it fits
perfectly
Re, re, rebels

You have a way of fretting God
You freaks of nature, hear ye the rod
God hates perfectly (you know He does)

God hates perfectly, mmmmmm yeah
And He takes blessings away (every
time)
'Cause you sin throughout your days

Chorus

When you despise God's law
You will look in His eyes, there is no
hope for you

Because

Chorus
