

YOU WON'T SURVIVE
(Parody of 'I Will Survive' by Gloria Gaynor)

You should be afraid
And be petrified
Thinking how God lets you live
And that you haven't died
But you've spent so many nights—thinking how
to do God wrong
His wrath is strong—your last chance will soon
be gone

But you rebel
And disobey
You won't stop the wrath of God with that mad
look upon your face
Should have obeyed his laws
Should have made your neighbors see
If they had known for just one second-- raping
priests you all would be

You have no shame
You play the whore
Just look around now
You're all just rotten to the core
Weren't you the one who taught the children
God's a liar?
The nation's crumbled
For your vile sin your soldiers die

It is a lie
You won't survive
You'll beg the rocks and the mountains
To help your asses hide
Didn't care who died or lived
You had all your lust to give
You won't survive
You won't survive
Hey, hey –

(Musical interlude—8-2-3-)

You took all the strength you had
Blessings God gave you
Starting all those wars abroad
So they can still eat poo
You spend oh so many nights
Just feeling sorry for yourself

It's a lie

You fags and whores are full of pride
And you see us
We're warning you
Just stop sinning and obey God
It's not about you
Comin' soon-- it won't go well
Drop-kicked into hell
God's saving all his loving
For his Bride soon to be

You have no shame
You play the whore
Just look around now
You're all just rotten to the core
Weren't you the one who taught the children
God's a liar?
The nation's crumbled
For your vile sin your soldiers die

It is a lie
You won't survive
You'll beg the rocks and the mountains
To help your asses hide
Didn't care who died or lived
You had all your lust to give
You won't survive
You won't survive

Oh – Soon time to go
He's at the door
Just look around now
You're all just rotten to the core
Yeah you're the one--you taught the children
God's a liar?
The nation's crumbled
For your vile sin your children die

Yeah, it's a lie
You won't survive
You'll beg the rocks and the mountains
To help your asses hide
Didn't care who died or lived
You had all your lust to give
You won't survive
You won't survive
You won't survive
