Signs of the Times: Shining Bible Light on Current Events

The Lord has wrought many blessed judgments in the world this week which can be seen plainly by any who have been given eyes to see, ears to hear, and a heart to understand by the gracious hand of God. **“Son of man, thou dwellest in the midst of a rebellious house, which have eyes to see, and see not; they have ears to hear, and hear not: for they are a rebellious house.” (Ezekiel 12:2)** This entire world is a rebellious house! Therefore, the Lord, the God of Israel, is punishing the people of it! Let’s view some of this week’s judgments from the proper perspective:

On Saturday, July 23, the World Health Organization (WHO) declared monkeypox to be a “public health emergency of international concern.” This official designation from WHO means that monkeypox is “an extraordinary event” that is a “public health risk to other States through the international spread of disease” and potentially requires “a coordinated international response.” The current outbreak mostly began spreading in May of 2022. Symptoms include fever, headache, tiredness, and swollen glands, but the most prominent is a rash of painful lesions on the skin. There are around 2,800 cases in the U.S. and 17,000 globally among 74 countries.

There is a vaccine for monkeypox, but access is limited. The U.S. Department of Health and Human Services reports they will have close to 7 million doses by mid-2023. During the public health emergency announcement, WHO Director-General Tedros Adhanom added, “For the moment this is an outbreak that’s concentrated among men who have sex with men, especially those who have multiple partners, that means that this is an outbreak that can be stopped with the right strategies in the right groups.” He’s right, in that it would be seemingly extremely simple to eradicate this disease inside of a month. The problem is that these people have no interest in curbing their sin in any way. U.S. public health officials, who had no problem assigning moral culpability to people spreading COVID-19 in 2020, refuse to even suggest it might be a good idea for sodomites to stop fornicating.

“Wherefore God also gave them up to uncleanness through the lusts of their own hearts, to dishonour their own bodies between themselves: Who changed the truth of God into a lie, and worshipped and served the creature more than the Creator, who is blessed for ever. Amen. For this cause God gave them up unto vile affections: for even their women did change the natural use into that which is against nature: And likewise also the men, leaving the natural use of the woman, burned in their lust one toward another; men with men working that which is unseemly, and receiving in themselves that recompence of their error which was meet. And even as they did not like to retain God in their knowledge, God gave them over to a reprobate mind, to do those things which are not convenient” (Romans 1:24-28).

You may see a parallel between the AIDS epidemic and the monkeypox public health emergency, because both were primarily and voluntarily spread by homosexuals. If this current monkeypox spread continues, they may be forced to exhume the corpse of Nancy Reagan so they can blame her for this like they did with AIDS (not a joke; see <https://www.npr.org/2022/06/09/1103575533/nancy-reagan-stamp-hiv-aids-pride-backlash-lgbtq>).

Repent or Perish!
